

PRECISION PARTS FOR MILITARY APPLICATIONS

Jergens is an ISO 9001:2000 certified, government-approved manufacturer. We are your complete source for mil-spec Kwik-Lok™ pins, spring-loaded devices, threaded inserts, and threaded components and washers. We also offer workholding components, locating components, handles, knobs and handwheels, lifting products that include center-pull and side-pull styles of hoist rings, and toggle clamps.

Jergens can offer quick turnaround on special orders, low or no minimums, and engineering expertise that results in our ability to answer and help with technical questions. We offer the advantages of relationship and know-how.

- **MS, NAS, DFARS, and RoHS Compliant Parts Available**
- **Military Drawings Available in 3D Solid Models from the Web or Fixture Pro™ Plus CD**
- **Manufacturing #: 697830**
- **FSCMI Cage Code: 94882**

Jergens[®]
MANUFACTURING EFFICIENCY

Jergens will help control the supply chain from our extensive inventory of in-stock mil-spec specialty fasteners and workholding components. We offer military and government customers critical assistance to ensure that only Defense Federal Acquisition Regulation Supplement compliant products are used with defense programs. Further, as a U.S. manufacturer we ensure that production schedules are met without interruption.

Threaded Inserts

- Jergens keylocking inserts are easy to install with standard drills and taps. “Keys” mechanically lock the insert into the base material.
- Rated among the highest in pullout strength of any thread repair device on the market.
- Thinwall, heavy duty, extra heavy duty, and solid inserts in both stainless steel and carbon steel materials.
- MS, NAS, DFARS and/or RoHS compliant inserts are available from stock.

Lift/Hoist Rings

- Rated 5:1 strength factor.
- Full 360° swivel action.
- Unique cross bar design eliminates potential for spreading the bale due to misuse.
- Pull tested to twice the load capacity prior to shipment.
- Now available in heat-treated 17-4 pH stainless steel – with no loss in lifting capacity.
- Made in the USA from domestic materials and components.
- MS, NAS, DFARS, and RoHS compliant parts available.

Kwik-Lok™ Pins

- Quick turnaround on special grip length, handles, materials, and ball configurations.
- MS, NAS, DFARS and/or RoHS compliant KLP pins are available from stock.
- Over 6,000 items in stock.
- Lot number traceability on every pin.
- Applications include tank doors and lids, process industries, landing gear, drop tanks, ordnance, cargo nets, aircraft seating, aerial spraying equipment, and gliders.

And more...

Better components ... Better engineering ... Better for you!

- Complete line of specialty components.
- No minimums for standard parts.
- In stock – ready to ship.
- Specials welcome.
