

PRIORITY INITIATIVE FOR MEDICAL DEVICE MANUFACTURERS

JERGENS SUPPORTING THE DEFENSE PRODUCTION ACT

To support the Defense Production Act to increase COVID-19 related medical equipment production, Jergens has implemented an order priority initiative for all medical device manufacturers.

The president has invoked the **Defense Production Act** in an effort to increase COVID-19 related medical equipment production. In response, Jergens implemented an order priority initiative for all medical device manufacturers:

- Qualifying customers will receive priority
- Same day shipping whenever possible
- Contact Sales or Customer Service

We are made in America to serve the needs of this nation as well as others around the world. We greatly appreciate the patience of all customers and colleagues during this difficult time as we all try to be good global citizens and prioritize healthcare needs.
